|---|---|---|---|---|---|---|---|
| | | | | | | | signal for Morgan's murder. Rees's log records the same call as 24 minutes — a discrepancy likely caused by asynchronous termination between the car phone and landline under the TACS analogue network's handover system, resulting in one line logging a longer active connection before line release. |
| Jonathan Rees | 10/03/1987 | 21:04 | In | | 24 | | Matches Stuart Collier's outbound call; the longer 24-minute duration likely reflects the analogue network |
